.....

Dear Sir/Madam,

**RE: INVITATION TO ATTEND THE 10TH ZAMBIA INTERNATIONAL MINING AND ENERGY
CONFERENCE (ZIMEC 2022) 1ST – 3RD NOVEMBER, 2022, KITWE**

Reference is made to the above captioned matter.

I wish to invite you to the 10th Annual Zambia International Mining and Energy Conference and Exhibition (ZIMEC) scheduled to take place in Kitwe, Copperbelt Province, Zambia from 1st to 3rd November, 2022.

The theme for ZIMEC 2022 is ***"The synergy between mining and energy: Developing sufficient sustainable energy to satisfy Zambia's mineral production goals"***. This event has over the last decade become a major mining event in the international business calendar. The conference will be held in Kitwe, Copperbelt Province, which apparently houses one of the four big copper mining companies in Zambia, thereby allowing exhibitors and investors to visit some of the mines, while at the same time provide an opportunity for local stakeholders to have a more convenient access to the event.

ZIMEC 2022 will provide a strategic forum and definitive platform to exchange views and discuss the issues pertinent to the progress and development of Zambia's mining sector. We are looking forward to use ZIMEC to explain and implement our vision to reenergise the mining sector based on offering fair terms to both international and local investors to increase exploration as well as, enhance the participation of Zambian businesses in the mining supply chain.

I look forward to your participation and welcoming you to ZIMEC 2022.

Yours faithfully,

Sakwiba Musiwa
Permanent Secretary

MINISTRY OF MINES AND MINERALS DEVELOPMENT
